MEMORANDUM FOR THE RECORD

SUBJECT: Federal Executive Service

1. On 3 April 1972 I spoke to Mr. Edward A. Schroer, Director, Division of Executive Manpower Planning and Development, Civil Service Commission. Mr. Schroer wrote the proposed legislation on the Federal Executive Service now being considered as HR 3807. He advised me that the hearings were now scheduled for 13 April 1972 at which time Bob Hampton and others would testify on behalf of the Bill.

2. We discussed Sections 2 and 3 at some length. Mr. Schroer was quite clear that it was not the intention of the CSC that CIA be included. I suggested that two additional subsections specifically excluding CIA would take care of our problem; one to be added after line 7 on page 33 and one at line 21, page 34.

3. Mr. Schroer advised that he would review the language in detail and make any changes necessary to exclude us from coverage under the Bill. He promised to call back to let me know what specific action he had taken.
